

TITLE: Artistic Photography and Optical Illusion

THEME: Optical Illusions in artistic photography..

COORDINATORS : María Valdés Aguirre(maria.valdes@eiris.edu.es) / Patricia Vior Lanza (patricia.vior@eiris.edu.es)

PARTICIPANTS: Each delegation can participate with a maximum of 7 photographs, one photograph per participant. Students born between 2004 and 2010.

CATEGORY: Photography and presentation.

OBJECTIVES:

- Create a photograph including a work of art (sculpture, painting, architecture ...) as well as creating an optical illusion effect.
- To learn about, develop and spread the artistic and cultural heritage of our cities and integrate them creatively in a photograph.
- To show the ability to scale drawing, show a point of view and work with perspective in the creation of a new photograph.

AN EXAMPLE OF PHOTOGRAPHY AND OPTICAL ILLUSION:

FORMAT:

The photographs should be sent to sekfotografia@eiris.edu.es before 21st April 2021 in the following format:

- Digital format “.jpeg”.
 - Maximum size 1MB
 - Colour or black and white.
-

- Horizontal or vertical orientation.
- Photographic editing of the image is allowed.

EVALUATION: A jury made up of several teachers will determine which photographs best suit the objectives pursued and will choose the 5 best compositions. The delegations will vote to choose the winning photograph. A single photograph will be chosen as the winning image..
