

CONTEST / ACTIVITY: MATHEMATICAL PHOTOGRAPHY

TOPIC: MATHEMATICAL PHOTOGRAPHY

RESPONSIBLE PERSON: Josué Tejado josue.tejado@seklevante.com

PARTICIPANTS: By academic year.

Born in 2009 and 2010

Born in 2008 and 2007

Born in 2006 and 2005

One student per year from each school.

MODALITY:

Online. Participants must take a creative picture which is related to the world of Maths.

OBJECTIVES:

Each of the participants must take a photograph that is related to Mathematics. In addition, a description which justifies the picture in mathematical terms must be added.

FORMAT:

Due to the fact that in each of the schools the educational system may be different, the categories of participation will be determined according to the years of birth:

Born in 2009 and 2010

Born in 2008 and 2007

Born in 2006 and 2005

Each school may present a maximum of one student per academic year. The originality and creativity of picture and the relationship with mathematics will be taken into account by applying all the concepts that the student considers in relation to photography and mathematics.

ASSESSMENT:

The jury will assess the following aspects:

- Originality and creativity of the picture.
- Ability to relate mathematical concepts with the pictures taken (justification of the picture)
